

ABBNEY PRESCHOOL

Student Placement Policy

We recognise that the quality and variety of work which goes on in a pre-school makes it an ideal place for students on placements from school and college child care courses as well as those undertaking their Diploma in Pre-school Practice and National Vocational Qualifications.

Students are welcome in the pre-school on the following conditions:

1 The needs of the children are paramount. Students will not be admitted to pre-school in numbers which hinder the essential work of the pre-school.

2 Students must be confirmed by their tutor as being engaged in a bona fide childcare course which provides necessary background understanding of children's development and activities, or about to embark on one.

3 Students required to conduct child studies will obtain written permission from the parents of the child to be studied.

4 Any information gained by the students about the children, families or other adults in the pre-school must remain strictly confidential.

5 Unless registered as fit persons, students will not have unrestricted access to children.
